

"Tomorrow's Citizens Will Need Health For Responsibilities"

Sports Day Prizes Presented By Principal H. A. Jackson At Home And School Gathering

The Home and School classroom at the Stuart Scott school was filled to capacity on Tuesday evening, when the association met to discuss "Building Health for Peacetime Responsibilities." Mrs. Harry Bell, president of the association, outlined briefly the year's objectives.

"Canada faces the task of training the youngsters of today for leadership tomorrow," Mrs. Bell said. "This is a vitally urgent task, since responsibilities of the post-war reconstruction period will fall on these children many years sooner than would normally be the case."

"Two generations of leaders have been drained from our population by two wars in our short lifetime. Canada stands second nation in the Americas and must be able to contribute trained statesmen, professional, business and technical personnel. To train these children for their responsibilities, there must first be established a foundation of good health and tonight we are going to study citizenship from this angle."

Loses Season's Crop In Fire As Threshing Ends

FRANK RAMSAY'S BARN BURNT TO GROUND IN NOONDAY BLAZE

A fire of unknown origin destroyed the barn of E. F. Ramsay, Sharon, on Monday at about one o'clock. Mr. Ramsay had just finished threshing and the threshers had been gone about 15 minutes before the fire broke out.

Just a short while before the fire was noticed, Mr. Ramsay had been to the barn with a neighbor, Jas. Parker, and everything seemed to be all right. There were 80 tons of hay and 800 bushels of grain in the barn at the time of the fire along with a cream separator and harness. There was no stock in the barn at the time.

The loss is partly covered by insurance.

Bring Gifted Singers For Return Engagement

St. Andrew's Presbyterian church choir is presenting a concert by the "Chansonettes" in the church on Friday, Nov. 5.

Among the artists will be Jean Innes, soprano soloist, who has won 26 gold medals and trophies and the C. N. E. scholarship in 1939. Mozart's Alleluia will be one of her solos.

Eleanor Young, pianist, won a scholarship at the Toronto Conservatory of Music when she was seven years old and in 1941 she won the Heintzman scholarship. She is now 15 years old. Among her numbers will be Chopin's Fantasia Impromptu, Judo Dance by Dett, C. Sharp Minor waltz by Chopin and variations of Three Blind Mice.

Bernice Creig, another artist, is a little girl who plays a big piano accordion. She is a 1943 gold medalist.

The other members of the company are equally capable and will give their best under the leadership of A. M. Ridley, organist. A number of the musical group assisted with St. Andrew's church anniversary services in February.

VOCATIONAL TRAINING AT N.H.S. ASKED

An unusual record was achieved at Newmarket high school when in the upper school departmental examinations the students taking the straight upper course passed in all papers. Principal J. B. Bastedo stated at the high school commencement exercises on Friday evening.

Chairman A. N. Belugin, of the high school board, in welcoming the guests, said that "the school would be much more efficient if we had vocational facilities." Mr. Belugin looked forward to the time when shop-work and domestic science would be taught, in addition to the commercial training now offered.

Miss Margaret Lawton, of the staff, directed the amusing one-act play, "Seven to One," in which Marion Rose, Sheila Edwards, June Bunn, Norma Anderson, Pauline Pollock, Elleen Jackson, Beverly Bartholomew and Kathleen Miller played convincing parts.

C. H. Jamieson, of the staff, presented honor graduation diplomas to Leslie Barnes, Margaret Bate, Robert Brooks, Paul Connell, Dorothy Garthorne, Irene Harper, Betty Hope, MacCallum King, Mary Murdoch, Harry Popplatt, Eula Pollock, Grant Redditt, William Revill, Marjorie Rogers, Clair Smith, Ruby Strasser, Robert Watts, James Williams.

Mr. Jamieson presented second-year school graduation diplomas to Vera Belugin, Helen Blanchard, Jean Case, Lillian Connell, Davis Edwards, Lois Geer, Daisy Graham, Audrey Hunt, Marguerite Lockie, Hazel McNern, Mary Jean Morrill, Dorothy Piper, Doreen Prosser, Jacqueline Skinner, Audrey Sprouton, Ina Walker, David Weddel, Agnes Wilmet.

Ruth Winger and Mary Williamson delighted everyone with their piano duo, "Tea for Two."

Miss Esther McGee, of the staff, presented the commercial diplomas and awards: four-year course, Eugene Burrows, Margaret Goldsmith, John Fraser, Dorothy Heacock; one-year special course, with grade B standing, Dorothy Dales, Muriel Gibney, Jean Lynn; typing pins, gold, Margaret Goldsmith, bronze, Dorothy Dales, John Fraser, Dorothy Heacock, Muriel Gibney, Jean Lynn.

Miss McGee presented shorthand certificates: for 100 words per minute, Margaret Goldsmith; for 50 words per minute, John Fraser, Dorothy Heacock, Muriel Gibney, Jean Lynn.

Robert Brooks delivered the valedictory address on behalf of the graduating classes.

Mary Davis sang "Morning," "Through the Years" and "Zie Goeer," accompanied at the piano by Mrs. Marjorie Armour.

W. J. Geer, of the high school board, presented high school board proficiency prizes to Mary Murdoch, grade XIII, Muriel Gibney, senior commercial, Vera Belugin, XIA, Rita Horner, XIA, Jeanne Duncan, XIC, Tom McCall, XA, Victor Johnson, XB, Ruth Turan, XC, Eileen Jackson, IXA, Betty Fisher, IXB, Francis Elphinstone, IXC.

Mrs. Ada Morgan directed a girls' three-piece chorus in two splendid selections.

P. W. Pearson, Preston, a former mayor of Newmarket and a former member of the high school board, presented the \$50 Sarah Jane Hogart memorial scholarship to his grand-nephew, Robert W. Brooks, who was the valedictorian. Mr. Pearson's daughter, Mrs. G. F. Sturdy (Jida), with whom Mr. Pearson lives in Preston, was Newmarket high school valedictorian in 1941.

"If the teacher can inspire the child to excel and to love work he has done more for him than all other teaching, however necessary, will do for him," said Mr. Pearson. "The spark of the desire to excel to a living flame and nothing on this earth can prevent him from reaching the goal of his desires."

"The boy or girl should not allow anyone to tell him or her that there is a lion in the way, either the lion of poverty or the lion of physical disability. Armed with the inspiration of his teacher, he or she will overcome every obstacle to success."

In presenting the Aubrey Davis prize in mathematics to Mary Murdoch, Miss Annie King, of the staff, gave credit to Earl Halk Collegiate for the solid foundations laid by that school as a contribution toward her great success. Miss Murdoch also received the \$900 Leonard Wells scholarship at the University of Toronto.

Other prize-winners were: William Revill, second Aubrey Davis prize for upper school mathematics; E. J. Davis, ornamental prizes, senior girls, Mary Murdoch, Audrey Hunt, senior boys, David Weddell, William Inley, second year, Irma Harker, Tom Dales, first year. (Pige 10, Col. 4)

JUDGING COMPETITION WILL BE HELD NOV. 4

Last June found seeding operations still dragging on and the Junior Farmers of York postponed their livestock judging competition and girls' project achievement day (JPG) Nov. 4, when it was hoped the work at home would be less pressing. Plans are now being made to carry out the program of judging stock on farms adjoining Richmond Hill, and the girls will display their work in the hall.

Stationing is, of course, creating a problem, but it is hoped this can be taken care of. The prizes for the home plowing competition will be announced and presented that evening also.

KEEP THEM FIGHTING, ASKS MAYOR DALES

"Keep them sailing, keep them flying, keep them fighting," Mayor Dr. L. W. Dales told a Main St. group in front of Trinity United church on Saturday evening. The occasion was an outdoor showing of war pictures.

"Nearly 800 blood donations have been voluntarily given in Newmarket," Dr. Dales said. "Speed the victory. Buy Victory bonds."

Rev. Henry Cotton, in introduction of the picture, "They Bombed by Night," said: "They have given their lives. Let us lend our money. Money means more planes, more tanks, more ships, more guns."

NEWMARKET MEN DO WELL IN VICTORY LOAN

In the handicap race for salesmen's honors, and Chairman Aubrey Davis' weekly prizes, Gordon Brown, Markham township, took first and \$25 and C. C. Gamble, Newmarket, second and \$15, in the first week of the fifth Victory loan campaign in North York.

W. L. Bosworth, Newmarket, with 79 applications and sales of \$39,850, led the entire field but had a stiffer objective than the successful salesmen. Mr. Brown had 18 applications and \$40,050 in sales, and Mr. Gamble had 55 applications and \$36,950 in sales.

DOUBTING THOMAS HAS ROLE IN WORLD TODAY

"On the summit of Mount St. Thomas, in India, according to local tradition, are buried the ashes of Thomas, the disciple who has been styled the doubter," Rev. Gordon Lapp, Keswick, related at Trinity United church on Sunday morning in a sermon on "The Man Who Must See in Order to Believe."

"We need the enquiring mind," Mr. Lapp said in the course of his sermon. "We need men and women who will question a lot of the platitudes which are currently passing muster for thinking."

"You people will not need any argument about the necessity for critical thinking and intelligent action regarding food production and the manpower situation in Canada," said Mr. Lapp. "The warmest loyalty on the part of Canada's farming community will not of itself enable that community to produce the needed food."

"One of the disturbing things about the war situation is the attitude of many Canadian newspapers toward the problem of relationships between Great Britain and India," he continued. "With warm loyalty but a tragic failure to exercise any critical intelligence, they continue to talk of the past advantages of British rule in India, education, communications, public works, etc. Britain has bestowed these benefits upon India but she has not bestowed the one benefit which India now wants and demands. It is the same benefit which the rest of the British empire is fighting to maintain, namely, freedom, independence."

"India, that old, old land, is today a seething volcano of discontent. The sooner this is known by Canadians—people in Great Britain know it already—the less disillusioning and tragic will be the shock of the eruption."

"The Thomas character, in which blends the critical mind and the loyal spirit, is needed today, needed in relation to Canadian agriculture, in relation to many other areas of life. I am convinced that we need the Thomas character and its fruits in Christian experience and faith. We need it in individual Christian life and in the corporate Christian life of the church."

North York Has Not Yet Reached Half Way Point In Race

Nine-Day Report Shows Steady Gains But Long, Hard Struggle Still Ahead Of North York

Although Victory loan sales in North York reached the total of \$935,350 on Wednesday night, Victory loan headquarters at Newmarket were unimpressed and even a little bit worried. The objective is \$2,300,000.

Municipal totals in the northern section were: Aurora, \$58,750; Newmarket, \$136,850; Sutton, \$24,700; Georgina, \$17,800; North Gwillimbury, \$28,650; East Gwillimbury, \$83,200; King, \$106,900; Whitechurch, \$57,600.

Newmarket's objective is \$335,000, King's \$255,000. Sutton, with \$60,000, has the smallest municipal objective. North Gwillimbury and Georgina both seek \$65,000, Whitechurch and East Gwillimbury both \$160,000.

"I'm A Lucky Guy," Says R.C.A.F. Man Who Lost Leg

FLYING OFFICER TELLS LIONS CLUB WHERE THEIR MONEY GOES

"Unusual, but not unusual, because similar things are happening every day," was the way Flying Officer Alan Bell, Toronto, described at the Lions club on Monday evening the Mediterranean adventure in which he lost a leg.

President Fred Thompson presided at the meeting at St. Paul's parish hall. Victory loan salesman W. L. Bosworth introduced Flying Officer Bell. H. L. Trapp, Victory loan organizer, was a head-table guest.

"A year ago this summer I was flying a medium bomber to the Middle East," Flying Officer Bell related. "We had a crew of four men. We were knocked down by anti-aircraft fire off the African coast. We were about three miles off shore."

"We landed in the sea. One of the propellers came through and chewed up my leg a bit. The other men were uninjured. We scrambled out and got into our rubber dinghy. The plane sank two minutes later. It took us three hours to get to shore on the coast of Morocco. There were a party of Arabs and a few French officers there."

"We spent about two hours on the beach in the heat. It was finally decided to take my crew to prison camp and to take me to hospital. I was taken to a tiny native hospital with one doctor. He was a Corsican. When he had time to look at me, it was six hours since I had been injured, and a lot of things can happen to a wound in the tropics in that time. He decided to amputate to save my life. Six months later I was discharged and sent to a prison camp."

"One of the main features of the prison camp was the underground detention cell. The temperature varied from 110 degrees in the day to cold at night. You had no bed, no blankets. You went into the detention cell for the slightest infringement of regulations, or for not moving fast enough when told. Food consisted of thin soup and a slice of bread twice a day."

"It was decided to send me to Marseilles, to be fitted with an artificial leg, and interned in France or Germany. We left Casablanca last November. Two days out at night we felt a terrific crash. We had barged into an Allied convoy at Oran."

"It was one of the convoys for the invasion of north Africa. They rescued myself and other prisoners. We stayed with that convoy, saw them land, saw them fight. The country surrendered and we were taken to Algiers, and then to England. I was then sent back to Canada."

"I am in Toronto doing ground instructional work, but I hope to be flying again. I think that I am a lucky guy. Had our ship been two hours earlier we would have missed that convoy."

"Now I would just like to give you an idea how your money is spent. That bomber I was in cost approximately \$100,000. The training of that crew, which was out of action for six months, cost many thousands more. I think it costs \$50,000 to train a pilot."

"We are tasting victories and it is very nice but until we get the enemy in his own backyard we can't hope for the beginning of the end. The sooner we get the war over, the more lives we save. By investing money in Victory bonds we can hope to get this war over in a hurry."

BUY NOW BEFORE THEY'RE ALL GONE!

Victory loan publicity throughout this long and terrible war has been built on the belief that people will loan money through fear of things worse more readily than through hope of things better. Victory loan advertising has in the past specialized more in the unpleasantness of defeat than in the new world possibilities that should be opened up by victory. Victory loan speakers are supposed to be professional pessimists. They are supposed to tell people about the end of the beginning rather than about the beginning of the end.

Fifty thousand publicists "can't be wrong" and so pessimism must be effective selling publicity for war bonds. Our own thought, however, has always been that people need to be encouraged and that they will sacrifice more if they believe that the sacrifice is temporary rather than semi-permanent. People will be more generous and lend more readily if they believe that they are helping to build a new world than if they are told they are fighting to keep things as they are.

Our public leaders assign themselves the difficult double job of urging the armed forces on

to victory and at the same time of telling the civilian population that victory will come years hence. Unfortunately, the armed forces hear the words of caution intended to make civilians steadfast, until today we have military commentators writing that United States and British forces were unprepared for the opportunities that arose this year for an early victory.

Now the story has changed. The war picture is encouraging. Even the Victory loan promoters are talking of lending to bring the boys back home. Governments and opposition parties are planning a better post-war world. There is optimism in the air, and Victory bonds should sell like hot-cakes. And they are frosted with three percent interest.

WHAT OTHERS THINK

HOSPITAL EXPANSION

(Collingwood Enterprise-Bulletin)

The enlargement of the York County hospital at Newmarket has been facilitated by a gift of \$50,000 by three brothers, Andrew Davis, Aubrey Davis and E. J. Davis. The donation is to erect a memorial maternity wing in memory of their mother, the late Margaret Davis, wife of the late Hon. E. J. Davis. The new wing will be known as the "Margaret Davis Memorial." To further advance the project the Office Specialty Mfg. Co. has subscribed \$5,000 toward furnishings, equipment and other alterations. With plans approved and permit issued by the department of munitions and supply it is expected the extension will be proceeded with at once. When completed the capacity of the building will be increased from 34 to 57 beds. So honoring a beloved mother and providing such a hospital service is a demonstration of love and sympathy that rebounds with great credit to the sons and others who participate in the expansion of the facilities and usefulness of the institution.

Fountain of Youth

Passing years slow our step and dim our vision, and for ages the search for means to preserve the faculties of youth has been unending.

Modern Optical Science has achieved no small measure of success in prolonging the efficiency of eyesight for long after youth has gone. By correcting minor eye deficiencies in youthful years, eyestrain is relieved, and possibility of future troubles minimized. In later years eyes grown older are helped by modern corrective lenses to regain their youthful efficiency.

A card expressing appreciation for cigarettes was received from Stoker A. G. Smith.

How
much
VICTORY
will \$100
buy?

• When peace comes everyone in Canada will share in it. Yet more than two million gainfully employed Canadians who could buy a Victory bond, have not done so, yet.

You, perhaps, belong to the other three million or so who have bought a bond. And you will buy again and again. You consider these bonds your share in victory.

But have you stopped to ask yourself how much victory \$100 will buy?

Have you seen the latest figures on what Canada must spend if we are to shoulder our full share as a free and prosperous nation in the cost of the war?

• Do you know that up to June of this year Canada has spent 4 1/2 billions on war munitions?

Do you know that since the war began Canada has built and launched 230 frigates, corvettes and minesweepers, over 100 patrol ships, and 178 freighters?

Do you know that over half the military vehicles which carried General Montgomery's army to victory in North Africa were made in Canada?

Do you know that the Air Training Plan for the next two years will cost \$1,500,000,000, of which Canada will pay half?

Do you know that so far we have spent on industrial expansion and defence construction—in Canada itself—more than a billion dollars?

• These billions add up to Canada's share in victory.

Do you think \$100 is your share of the total?

You are paying taxes, yes.

And perhaps you have some bonds already.

But have you bought your share?

Only you, yourself, after you have thought everything over and determined to save every dollar you can—only you can answer that.

DOWN THE CENTRE STORY OF NEWMARKET TALAGOO

October reminiscences bring to mind that on Oct. 7, 1909, a hard-hitting bunch of homebrew gamecocks brought to Newmarket the juvenile lacrosse championship after a season of sterling play and never-to-be-forgotten thrills.

Yes, youngsters, we're referring to the exploits of the famous Newmarket Talagoos, whose names remain green wherever lacrosse is still played, and when the hot stove league gets into operation as the chill winds of fall and early winter carry back memories into yesteryear. Many of our readers, we know, being of a new

OF FIRST POSTING OF VOTERS' LIST

Voter's list, 1943, Municipality of the Township of East Gwillimbury. Notice is hereby given that I have complied with section 8 of the Voters' List Act, and that I have posted up at my office at Queensville on the 11th day of October, 1943, the list of all persons entitled to vote in the said municipality at the municipal election and that such list remains there for inspection.

And I hereby call upon all voters to take immediate proceedings to have any errors or omissions corrected according to law, the last day for appeal being the 1st day of November, 1943.

Dated the 11th day of October, 1943, at Queensville.

J. L. Smith, clerk, Queensville, Ont.

vintage of Canadian manhood, will not know the story. To others perchance a turnback of the pages of time will bring some reading pleasure as well as the rekindling of old fires. To us at least the research involved was well worth the effort and if we should make a few mistakes in the telling of the Talagoos' saga, we know the braves of the tribe who still survive to a man (we are informed), will rather smoke the pipe of peace by their firesides than reach for their tomahawks and go searching for our fast thinning scalp. The glories of the past leave enough scalps on their belts without looking for more.

Canada's national game, lacrosse and it is just that, by act of parliament, too, was in its prime in the early part of the present century. The town, village or hamlet that failed to field a lacrosse team was virtually not on the map, and its inhabitants generally were regarded as "foreigners" by the rest of the population. A municipality's progress and importance could be practically measured by its success in the race for lacrosse supremacy.

Markham, for instance, in 1899 won the Canadian senior championship with a team that featured Charlie Querrie, later to win international recognition as chief sachem of the Toronto Tecumseh tribe and Toronto St. Pat's hockey club, and three Newmarket products, T. F. Doyle, the late Larry Doyle, and Jack Kelly, names still in the lacrosse limelight, as well as other stars. Richmond Hill, Bradford, Aurora, Newmarket all vied with each other every season in red-hot play, and it was a case of being on your toes continually or your players were elsewhere.

With no national registration cards, it was almost necessary to employ the Pinkertons to tell sometimes just who was playing as "John Doe" for the opposing side.

The election of the late Herb Lennox to the presidency of the C.L.A. was another item that added considerable pep and enthusiasm for the gutted stick in the district. Herb, himself a player of considerable merit, was on his way to the top politically in those days and athletics, as you may have noticed, have seldom hindered the progress of any candidate for office. The sports fans are a pretty loyal crowd at the ballot box. To all intents and purposes the local league became practically professional around 1905, with some pretty fancy greenbacks being transferred to the players from time to time. You had to be pretty quick on the field and in the committee room to get any place those days.

The word Talagoos, it is learned from conversation with Mr. T. F. Doyle, was synonymous with the word Newmarket so far as lacrosse was concerned as early as the 1880's. Why the name was adopted or who was responsible for its adoption remains, so far as we are able to ascertain, a deep dark secret. Were the Talagoos an Indian tribe? So far we have not run across them in the books, but we shall be pleased to learn. Mr. Doyle believes the word to be Indian in its derivation, and to mean "hard fighters." Who shall say the name was not appropriate? For the boys from Newmarket in those days at least were always noted for their ability to both take it and hand it out, and fight hard to the end no matter what the score. Bob Manning, Larry and "Turk" Doyle, Harry Doonan, Jerry Graves, Shelding, Northcote, Kelly and countless more won the stamp of approval, wherever the game was played, both for ability and intestinal fortitude. One of the regrets that Mr. Doyle and many of the older sportsmen have is the dropping of the word "Talagoos" by canal-town teams and the substitution of the word "Redmen." It would have been fitting indeed, thinks Mr. Doyle, for that dominion championship hockey team of 1933 to have borne the historic and honored name "Talagoos."

Pat Vernon and Charlie Rowntree a few years ago, when an attempt was made to revive lacrosse in Newmarket, did call their team by that name, but it was dropped again. Who knows what the future will bring?

Youngsters, in the period we write about, weren't horn with silver spoons in their mouths, but with gutted sticks in their hands. It was a tough job, however, to get financial support for the kids, or for an ambitious kid to break into the town's big team. The players looked with suspicion upon a newcomer and he had to prove himself in the school of hard knocks before he got his chance.

Tom Doyle was elected to the vice-presidency of the C.L.A. in 1907, and in company with his brothers did all he could to encourage the kids in his home town. The big team, however, was the centre of attraction, and after them the juniors. In 1908 a group of kids took up a public

subscription to buy sweaters and equipment and, calling themselves the "Tigers," played a few games. They were to be the champions of the next season, a year which saw Mr. Doyle elevated to the presidency of the association, a good omen for success for Newmarket youngsters.

"Turk" Doyle took over the training of the kids. They wore the red and white Talagoos sweaters, and with George Kennedy as manager and Hy Racine as trainer they were ready for action. There were ten or 15 juvenile groups that year spread throughout the province. Group 5 had Aurora, Newmarket and Bradford as a competing trio. Group 6 consisted of Beeton, Tottenham, Alliston and Cookstown, group 7 had Barrie and Orillia. With the exception of Aurora all the others used the local fair grounds for their games, Aurora using the town park. From these three groups by pre-season arrangement was to come one of the C.L.A. semi-finalists.

Aurora, under the leadership of the late Fred Browning, was the first opposition for the Talagoos kids. Fred had some pretty fine players that year including Pete Lustic, "Slogey" Hodgins, Burwell Charles, Bert Roe, Frank Underhill, the Birch-

A large number of members and visitors answered the roll-call of the October meeting of the Pefferlaw Women's Institute held at the home of Mrs. Joe Laviolette.

The dance held at Mossington's Park on Wednesday night in aid of the Navy League was a huge success. A total of \$33 was raised.

and brothers, Frank ("Pete") Machell, Percy Brodie and others and playing an exhibition game in the Aurora park the Newmarket boys went down to a 5-0 defeat. It was a hard pill to swallow with the regular season just about to start but Enrie Doyle only went to work that much harder, and his charges responded to his coaching. If their legs ached, trainer Hy Racine smoothed them out, and if the sprouts got too much kid-

from a "doubting Thomas" public in Newmarket. Manager George Kennedy took off his coat and argued himself hoarse. Without recording each encounter let us recall that the Newmarket boys swept the group without a loss after the regular season started, winning a group-clinching 7-3 victory over Bradford and gaining revenge for that early season loss by downing Aurora 8-0 at Aurora (Page 2, Col. 3)

SECOND OFFENCE GETS BOYS JAIL SENTENCE

In York county police court here on Tuesday Magistrate W. F. Woodliffe sentenced two Holland Landing youths, 18 years and 18 years, to 30 days on four charges of theft of gasoline to which they pleaded guilty.

The youths, who admitted siphoning gasoline totalling eight gallons from the cars of Fred. West, Holland Landing, on Oct. 13, Percy Thompson, King township, on Oct. 12, B. G. Hawkins, Holland Landing, and G. Osterhaus, King township, during the month of October, were jointly charged in each case.

"On Oct. 18, as a result of a complaint from Mr. West, I questioned the youths," testified County Constable Ronald Watt. "They were very truthful about this theft and admitted the other thefts." The officer also stated that there had been another youth, a juvenile, concerned in the thefts who appeared in juvenile court on Oct. 25.

"What were they doing with the gasoline," questioned Magistrate Woodliffe.

The 16-year-old boy has a truck, replied the witness. "He was going into the trucking business. When I questioned him he took a can and this hose from the truck. He got another can from the house. They used these for siphoning the gasoline."

Asked by his worship whether the defendants had any previous record, Constable Watt stated that they had been convicted in Newmarket police court in June of this year on a charge of stealing a bicycle at which time they were given a suspended sentence and placed on probation.

"Apparently you had your chance, you were given a suspended sentence and placed on probation," his worship told the two youths. "You are back at it again. I am going to sentence you to 30 days on each charge, the terms to be concurrent."

Found guilty on a charge of exceeding the speed limit in East Gwillimbury, Philip Howe, Weston, was fined \$25 and costs. Constable Watt laid the charge.

A fine of \$15 and costs was imposed on W. Findlay Wilson, Toronto, for exceeding the speed limit on Yonge St. Provincial Constable Alex. Ferguson laid the charge.

Andrew P. Paul, Toronto, was fined \$10 and costs for exceeding the speed limit in North Gwillimbury. County Constable William Hill laid the charge.

Finding Edward C. Corps, Brownhill, guilty of careless driving, Magistrate Woodliffe fined him \$5 and costs or five days. Mr. Corps pleaded guilty to the charge.

According to County Constable William Hill, he had investigated an accident which had taken place at 7:30 p.m. on Sept. 16, at an intersection one-half mile west of Brownhill, in which the defendant's car had been in collision with another driven by W. Brown, Toronto.

The officer stated that Mr. Corps gave as his explanation of the accident that he had been adjusting the sun-shade of his car and did not see the other vehicle. He estimated the damage to the defendant's car at \$50 and to Mr. Brown's car at \$75.

Fined one dollar and costs each for illegal parking on Newmarket streets were Otto Barkley, Newmarket, Lewis E. Rollings, Queensville, and Terry Doan, Queensville.

FARMERS AND FARM WORKERS

**If Your Farm Work has Slackened
for the Winter, You Are Needed
Elsewhere in Essential Employment**

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing fuel wood and other necessary forest products; in base metal mines, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack on the farm.

Please answer this vital call NOW.

CHRISTADELPHIANS

In the Bible, the terms "kingdom of God" and "kingdom of heaven" are used interchangeably, being the same thing. God who sets up the kingdom is the God of heaven and the kingdom when established will be a kingdom that will have come from earth to earth. A divine political kingdom with its centre of government in Jerusalem. Dan. 2: 44, Jas. 2: 5, Matt. 7: 21, Luke 18: 17, Isa. 2: 3, 4.

Gathering the Sport Facts

Batting champions have been decided in both of the major leagues of the United States. Luke Appling of the Chicago White Sox has just picked off his second American League championship after a drought of seven years.

From American newspaper accounts that we read, everyone seems quite pleased at this. Luke Appling is one of the best liked players in American baseball. The world to him is a place in which everybody should have a cheery greeting for everyone else. He's one of the oldest players in point of service in the big leagues.

Appling came up from the Atlanta club of the Southern Association in 1930 and from that time on he has been the outstanding shortstop in the majors. In 1936 he won the batting championship with a neat .388 average. This year he went down a long way but his .328 was still good enough to win the title. Appling did this in his 14th year in the big show.

Fourteen years is a long time to spend in the baseball world. All the more remarkable is the fact that he spent all those years with one club. Luke started with the White Sox and it looks as though he will finish with them. Few

other men have the years of service behind them that Appling has. Lou Gehrig spent 14 years with the Yankees before his death. Babe Ruth put in 21 years in the majors. However, only 15 of these were with the Yankees. Ty Cobb divided his time between the Detroit Tigers and the Philadelphia Athletics and spent 23 years with the two clubs. Honus Wagner spent 17 years with the Pirates. The two Waner brothers, Paul and Lloyd, spent 16 and 17 years respectively in the big show.

Med Ott of the Giants is another of the oldest players in point of service. Ott came to the Giants in 1926 and he has played the outfield continuously since then. Perhaps the most remarkable of all is the record of old father time himself, Ted Lyons of the White Sox. Lyons came direct to the Chicago club from the campus of Baylor University and since that day in 1923 he has pitched continuously for that club.

Lyons never did see a minor league uniform. Until last year, when he enlisted in the marines, he had worn the uniform of only one club. It looks as though the old-timers can still show the younger fry something in the matter of endurance.

MEMORY BELLS

By GOLDEN GLOW

Like a good many other things memory bells are a thing of the past. And why? Because they are of Japanese origin! It may be that a good many nowadays do not even know what a memory bell is, or what it signifies. Perhaps I'd better just explain the construction first. You may know it by another name. It is what is commonly known as a "wind" bell—for it is supposed to hang where the wind makes it ring.

Should one say ring? We naturally think of a bell as something that has a metallic sound. But the memory bell is made solely of glass, and fine wire, and string. Some are quite large, and some just miniature, really tiny, but they can make just the same. They are made of graduated circles of wire, the top circle being quite small, and from it is the cord that suspends it from its hanger. It needs a clear space to hang quite free and unobstructed, so the wind can get to it. Then from the centre is suspended the clapper, if I may call it that. The whole thing is composed of oblong pieces of glass, hanging suspended from the wire circle, long and short pieces, while the one in the centre hangs below all the others.

You can readily see how it came to be called a "wind" bell, for every breath of wind, even a slight breeze, will cause it to vibrate. The centre piece touches the outer pieces, and the result is a musical note. But, when the wind blows strong, it results in a definite clashing and the sound is not so musical! It is well named the wind bell! In former years you often saw one hanging on people's verandahs, and the familiar tinkling sound was always pleasant to the ear.

But now for the reason they are called "memory bells"—and it is each Japanese soldier presents one to his lady-love before going to war what a terrific lot of memory bells are ringing in Japan! For that is the idea—the Japanese soldier gives his sweetheart a wind bell when he leaves to go to the wars. She must hang it where the wind can make it ring and every time it rings she must think of him! Naturally it rings most of the time, for a mere breath will set it vibrating. So the Jap soldier had a constant reminder left behind.

Our ideas of the Japanese have undergone radical changes. We thought of Japan as something remote, but always we thought of its people as essentially dainty and refined. Their picturesque dresses, their love of flowers and gardens endeared them to us. We had all our ideas of them colored by the Gilbert and Sullivan operas. Cherry blossoms, butterflies, fans and parasols, always gay colorful. It is hard to lose our grand conception of them. The missionaries from Japan enhanced our ideas of their home life—their quaint customs, their delightful tea-drinking in oriental gardens, their cleanly habits.

We can scarcely believe they have been biding their time for centuries to pounce on us when the time was right. The "Yellow Peril" was just a word with us—more or less of a joke! Then a visit to the western coast, and we got our eyes opened! We wonder how any custom as charming as the memory bell could have found a place in Japanese life!

It does hard—our old time idea that it is a word with us—more or less of a joke! Then a visit to the western coast, and we got our eyes opened! We wonder how any custom as charming as the memory bell could have found a place in Japanese life!

Manly Manners!

Dickie's father was shocked to see his son making things uncomfortable for his little playmate.

"Why did you do that to Tommy?" he asked severely.

"I was tired of playing with him. I want him to go home," was Dickie's answer.

"Then why didn't you ask him to go home?"

"Oh—he was Dickie's turn to be shocked—'why, Daddy, that wouldn't be polite!'"

SERVING AURORA AND DISTRICT

"We Don't Feel War But Others Do," Says Mayor

"Our objective is \$200,000," Mayor Frank Underhill told Aurora shoppers on Saturday evening as he addressed a Victory loan appeal from the council chambers by loud speaker. "We have a long way to go yet. But we can and must do it."

"If it were not for reading the papers and listening to the radio, with things as comfortable as they are for all of us, you would hardly know there was a war on. It is not the same, however, for the boys who have been in training for one, two or three years. We at home must give them full support."

"Canadians have won honors on all fronts. Across the street are the photos of countless Aurora boys and girls on active service, some of whom have already paid the supreme sacrifice. We must not let them down. Canada's objective is \$1,200,000, the largest loan yet. The war has cost over 12 billion to date. We must put our dollars to work."

Mayor Underhill compared the

growth of Canada's fighting forces with what existed before the war, and said the war effort must be even greater to see they had the ships, planes, supplies and ammunition to enable them to do the job they had set out to do.

"For those of us who cannot enter the services, we must send our dollars to war," he said. "Lend to preserve our freedom and back our boys to the limit."

Following the Victory loan address of Mayor Underhill, Rev. Canon F. J. Fife and School Trustee Ernest Eveleigh made eloquent appeals in a brief, direct fashion as they urged Aurorans to "Speed the Victory."

Next Saturday evening another

trio of Aurora citizens will address the shoppers.

With over 100 pictures in the window of P. M. Thompson's store, there is an almost continual gathering of folk to look over the facsimiles of Aurorans on service. The pictures serve as a stern reminder of the job to be done on the home front.

Aurora Shares Blame As North York Slips

With Collis Leather employees and Ordnance Depot brightening an otherwise dark picture, Aurora is definitely lagging in the race toward the fifth Victory loan objective.

"Speed the Victory" is our loan slogan, and it is speed that we must get into our Aurora campaign," it was said at Victory loan headquarters on Wednesday.

Aurora's total sales to Wednesday night were \$38,750, of which canvassers had accounted for \$41,400 with 56 applications. The objective is \$200,000.

Aurora and Markham village were named at headquarters as the two municipalities that were lagging most, but the entire North York unit was definitely slipping this week. Ending last week ahead of the fourth loan's first week, North York this week has slipped behind the fourth loan total at the same time, and Victory loan officials are definitely worried.

The president asked for the assistance of workers for the district plowing match to be held at J. D. Murrell's farm on Wednesday.

The meeting welcomed Mrs. G. W. E. Macpherson of Mount Albert as guest speaker on the subject, "Food for Health in Peace and War." She dealt concisely with the importance of food production. She stressed the value of the seven protective foods and impressed the audience with the necessity of serving well balanced nutritious meals when people are all working top speed and living at a higher tension. Being familiar with some of the results of the armed services check-ups, the speaker was able to tell of the apparent deficiencies in the locality. A good discussion followed and a vote of thanks was tendered to Mrs. Macpherson for her interesting and instructive lecture.

Miss Feldman, teacher of S. S. No. 7 was present for the social half hour. The ladies appreciated Mrs. Breen's hospitality, as she had broken a bone in her ankle the week before, but her daughter, Mrs. J. Smith, Toronto, ably assisted.

NATIONAL

SELECTIVE

SERVICE

A WORD OF CAUTION

TO MEN OF MILITARY AGE AND TO THEIR EMPLOYERS

National Selective Service Civilian Regulations authorize the Minister of Labour to require that male employees furnish their employers with evidence that they have not failed to comply with National Selective Service Mobilization Regulations (i.e., the Military Call-Up).

It is intended that an order will be issued shortly, requiring employers to carry out the necessary check on their male employees, and to report any men who do not produce the required evidence of compliance.

The check up will cover every male employee who has reached the age of 18 years and six months and has not reached his 38th birthday. The man will have to show evidence in one of the following forms:—

- A man discharged from the Armed Forces following service during the present war should have his discharge certificate. A discharged man who has not a certificate should apply for one in the following manner:—
Army—District Officer Commanding, Military District in which discharge took place.
Air—Records Office, R.C.A.F. Headquarters, No. 5 Temporary Building, Ottawa, Ont.
Navy—Secretary of Naval Board, Ottawa, Ont.
- A man who has responded to a direction from a Registrar of a Divisional Mobilization Board, to report for medical examination under Mobilization Regulations, should have either a certificate of unfitness or an order for postponement of military training from the Divisional Registrar. (A man entitled to either document who has lost his copies should immediately apply to the Divisional Registrar who issued the original, for a duplicate.)
- A man who has been rejected on application for voluntary enlistment in the Army since the beginning of the war, should have a certificate showing that he was rejected through medical unfitness. (If a man entitled to such a certificate does not possess it, he should apply to the District Military Headquarters of the District in which he applied for enlistment, in order to procure the necessary form.)
- A man in the designated classes who has not reached his 38th birthday, who was married as at July 15th, 1940, or who, having been married before that date, is a widower with children, must be prepared to furnish evidence, such as a marriage certificate or birth certificate of a child, to show that he was married before July 15th, 1940, and that he is now either married or is a widower with children.
- A man who has reported for enrolment in the Army under an Order—Military Training issued under the Mobilization Regulations and who has been rejected should have a certificate showing he was rejected through medical unfitness. If a man entitled to such certificate does not possess it, he should apply to the District Officer Commanding the Military District in which he was rejected.
- (i) A man who is not subject to the Mobilization Regulations because he is an enemy alien who has not made application for naturalization may obtain a certificate from a registrar of his Divisional Mobilization Board indicating that the Mobilization Regulations do not apply to him and such certificates must be obtained by all such enemy aliens.
(ii) A man who is an alien and neither a national of Belgium, Czechoslovakia, The Netherlands, Norway, Poland, the United States nor Yugoslavia and has not applied for naturalization may be relieved of his duty under Mobilization Regulations, but he gives up his right to future Canadian citizenship after the war; where such men have applied for such relief and been granted such status, certificates will be issued by registrars in appropriate cases.

This caution is issued to facilitate compliance with the order which is proposed. A reasonable interval will be allowed to permit men to provide themselves with whatever document, as referred to above, they may be entitled to hold.

Employers are requested to give notice of this proposal to their male employees, to facilitate the operation of the order when issued.

DOWN THE CENTRE

(Continued from Page 4)
and then celebrating at an Aurora garden party. By now the home folks were beginning to think perhaps the kids weren't so bad, especially since the intermediate and junior Talagoos had bitten the dust.
Allison was the first opponent outside the group. The team, accompanied by quite a few supporters, went to Barrie for a sudden-death play-off and in a bitter battle won out 7-4. It was one of the best games of the season, and it was played in fine weather on Aug. 11.
Orilla was the next opponent and many figured the Terrier kids would be too hot for the Talagoos, but when the smoke of battle cleared the purple and white Orillians were in the discard by an 11-1 count. By now the folks at home were convinced they had a team and support was coming from all. Nothing succeeds like success.

Hamilton Tigers were the next to test the prowess of the Newmarket tribe. The gold and black cats were certainly surprised when their country cousins stopped them 10-6 right in the shadow of the mountain, and on Labor day at Newmarket a vast crowd was on hand to cheer the boys to an 8-2 win. At one time in that latter contest Newmarket played over five minutes with three men off and yet held the Tigers scoreless thanks to some smart work in goal by Cliff Knowles and some timely interceptions by Morris McHale.

The acid test was now at hand, for the next draw brought as opponents the juveniles from Brampton, coached by the redoubtable "Doc" Roberts and steeped in the tradition of the famous Excelsiors and backed by a host of followers from Rosalea Park. Toronto Scarborough Beach park was picked as the scene for a single clash on Tuesday, Sept. 28. Playing at Scarborough Beach, to a country kid, was like putting a sand-lot game on in the Yankee stadium today. The maroon-clad Brampton boys were a husky lot and the some 200 fans who accompanied the team by Metropolitan were a bit dubious as to the result. It was the hardest test of the season in fact, and play was close, but the shifty Newmarket home men, carrying out Turk's instructions to the letter, could not be denied and the final score was 8-5. Describing the game a Toronto sports writer of the day said, "Newmarket kiddlets tied knots in the tails of the juvenile Excelsiors."

One more river to cross was now the theme song, as the championship was at hand and only the Hespeler juveniles remained to be beaten. It was on Thursday, Oct. 7, that the two teams clashed at Scarborough Beach in the finals. Three special cars accompanied the team and "stores" closed to give the clerks a chance to see the game. The crowd roared as the Talagoos went on the attack from the start, and when Joe Ganton got the first goal bedlam broke loose. At the quarter it was 3-2 for Talagoos, with the Hespeler goalie playing wonderful lacrosse. At the half it was 5-3.

PILES
With a record of 50 years as a most satisfactory treatment for piles or hemorrhoids, you can positively depend on
Dr. Chase's Ointment

and at the three-quarter mark 7-4. Hespeler, a smaller team, now laid on the willow with gusto and Newmarket ran in four goals to clinch the title 11-4. Constable Tom Sommerville, one of the team's doughtiest supporters, as per usual was goal judge, and timer was A. C. Davis. Field Captain Doyle was hoarse and more tired than the players.

Hot time in the old town was the way to describe the happenings that night. When the players arrived home at 10 o'clock the town broke forth with firecrackers, fish horns, the town band and a torch-light procession to welcome the conquering heroes. It was a night never to be forgotten. On Nov. 3 the club held a red and white ball, with Mrs. B. Easman as pianist, and on Dec. 9 mine host Al Proctor at the Forsythe house welcomed a monster banquet crowd. The late Ken Robertson was chairman and gold watches were presented to the players.

Speakers included Ald. R. F. Schmidt, Tom Doyle, A. J. Davis, W. A. Goodwin and George Vale as well as visiting officials. Donor John Taylor of Toronto was unable to be present to hand over the Maple Leaf shield, the juvenile trophy of the day, and for quite a few months visitors to town were steered to Al Binns' store window to see the trophy, which Manager Kennedy, an employee of the store, kept spotless.

Thirteen wins in a row, in C.L.A. competition and nary a loss was the proud record of the club. Age for juveniles in those days was 17 and under; so now you know how old the boys are without having to look at their birth certificates. As a matter of fact even the league didn't look at birth certificates in those days, and the clubs throughout the association were all alike so far as players were concerned. So far we've told you the story without naming the men who made it all possible. Well let's see who these greybeards were.

Cliff Knowles was the goalie, and a good one too. His mates called him "Speedy." We believe he lives in Oshawa now.

George Epworth, dubbed "Plug," member of a well-known Newmarket sporting clan, was at point. He was a hard checker and lives now in Toronto.

Morris McHale, elongated member of another sporting family; was at cover point. "Guy," now an umpire de luxe, was a great interceptor of passes. He was heady as they come and knew exactly what to do with the ball. Later he performed for Bradford. He is employed on defence work at Malton.

Cal Harford, now a Weston resident, along with Roy Staley and Harper Price, both still residents in the old home town, formed the defence field and they were regular shadows for opposing homes to tackle. Staley, despite his small stature, was a routin'-tootin' hombre to pass.

Roy Anderson, one of the fastest men ever to play lacrosse, was at centre and was tireless as an automaton. His moniker was "Short" but he was plenty long on class. Later he played at Oshawa and Bradford. Now he is residing in Toronto.

Basil Fierheller was his understudy, and a good one too. He was a fine team player and is now in England. Mat Mulroy, later to win fame with Tecumseh and St. Simon's, was ace sniper of the team. Against Hespeler he bagged no less than four goals. He was a great all-round athlete too and won additional laurels as a hockey player with Preston.

Jim Ganton, described by many as "the best stickhandler not even excepting 'Newsy' Lalonde," learned up perfectly with Mulroy and got his share of tallies. He resides near Newmarket now while Mulroy at last reports was living in Detroit, Mich.

Vern Lepard, better known to all as "Spot," was at outside home and he was as elusive as an eel in close to the nets. "Spot" resides in Aurora now. Bert Epworth, another smoothie called "Nip," was at the inside home slot and opposing point players had a great deal of respect for his gulle. Lepard and Epworth, according to Doyle strategy, in place of the usual lacrosse tactics, were often as not setting up the plays for Ganton and Mulroy by drawing their checks away and leaving a dash for goal possible. As a rule the inside and outside homes on any team did most of the scoring.

Frank Smith, still in New-

market, along with Staley relieved the home men when needed. Frank like Fierheller was a club player first and an individualist second.

Officials, as we have mentioned before, were the late Ernie Doyle as coach, George Kennedy, manager, Hy Racine as trainer, Tom Sommerville, goal judge.

It was the golden age for lacrosse in the district. Bradford Intermediates that year for the second year in a row won the intermediate championship. Among the hardrocks who won honors were such stalwarts as Dr. Lou Campbell, Bob McKinstry, West (goal), Jim Webb, Norm McKinstry, Martin, Cotton, Rosey, Church, "Gunch" Reeves (now village constable), Robinson, the Sutherland brothers, Graham, and Anderson, with Coombs as field captain. Bracebridge in 1909, for the second year in a row, with Jack McDonald, now president of the Ontario Lacrosse association, as a member, won the LaFortune trophy emblematic of junior supremacy.

Nineteen ten wasn't, however, a successful year for the clubs and lacrosse was soon to be on its way out in Newmarket. The juveniles of '09 wound up the season in blue ink and with money in the bank. The gradual let-down in what once was a winning sport sounds much the same story as hockey in canl-ton following the championship of '33. Revival of field lacrosse, made in the 20's, had a brief history. There were two attempts at box-lacrosse in the 30's, but not since the days of the juvenile Talagoos has lacrosse flourished in Newmarket. Hardball became the prevailing summer-time game. In turn softball ousted the hardballers in the favoritism of the fans. Now softball has gone, and hardball has replaced it.

Could it be the cycle is to be reversed and in the next few years lacrosse will replace hardball as the favorite summer pastime? Stranger things have happened, and there remain sufficient of the old Talagoos on the native heath to give the needed impetus and encouragement if they could but be persuaded. We don't think it would take too much effort at that. If we had our way, just as baseball has its Cooperstown, N.Y., hall of fame, and hockey will have one at Kingston, Ont., each municipality would preserve the story of the past, athletically and otherwise for the generations to come. Newmarket has a proud athletic history, but how many kids know about it? Some of the fellows you now regard as old-timers could, in their day, have put your efforts on the sports field to shame.

The tale of the Talagoos, the story of a bunch of homebrew kids who had the goods and delivered it, is one we feel every Newmarket youngster should know. The tribe may have retired to the "long house" now but remember they were once warrior braves to rank with the best.

Memory hold the door! May the war cries of the Talagoos tribe, be it on the ice cushion, the boxla floor, or on the field, ring out again as in days of yore. We, at least, believe the present-day kids are just as good if not better than their elders if given the chance to prove it. Yea, Talagoos!

Tourist—"Where will I find the nuts for Pumpkin Corners?"
Native—"On top of you, if you don't get out of the middle of the street."

SOCIAL WELFARE

By Isabel Inglis Colville

Once a year the members of the Pine Orchard Women's Institutes entertain their families, have an evening meeting and a speaker.

This year it fell to the Social Welfare Committee, Mrs. Elmer Starr, convener, to arrange the program and superintend the meeting which was held in the evening of Friday, October 23.

This year, when social and domestic economy as well as political are somewhat in the fluid stage because of war conditions, seemed a good time to put on a program, stressing what the Institutes are trying to do along the lines of social welfare. Considering that a perfect deluge of rain was putting a period to the beautiful weather of the week just past, the number who braved the elements was very fair and was a better proof of the committee's better, more appreciative and enthusiastic audience.

The meeting, in the first part, followed the regular W.I. routine, opening with O Canada, the opening ode and collect, after which the minutes were read by Mrs. McClure and business attended to. A ditty bag was on display, but needed some more filling and money was given for that purpose and the heads of the committees were asked to meet at Mrs. Bill Walker's on Tuesday eve to pack them.

After the regular business was concluded, I handed over the meeting to Mrs. Starr, who, after welcoming those present, called on Marion Bergen and Erla Toole for a duet, which was very prettily rendered, their school music teacher, Mrs. A. Ridley, acting as their accompanist and also throughout the evening.

Bill Windmill gave two readings, one of a soldier's experience in a non-resistant village very charming—but which must have been written before Hitler, for Hitler's forces fired first and talked afterwards, and the other story of the Dutch boy who stopped the leak in the dike with his finger till help came. Billy reads well and his selections were enjoyed.

Mrs. Ewart gave a temperance reading which stressed the harm alcohol can do to people and causes. The guest speakers were introduced by Mrs. Starr.

First Mr. Swindle of Aurora who spoke on farm improvements. He paid high tribute to the work of the W.I.'s and Farmers' Clubs. He said the first two things one notices on approaching a farm are the small box and driveway. A crooked small box post, poor gateway and driveway devoid of beauty, detracted from a farm house, be it ever so fine. A well kept lawn un-

broken by flower beds, trees and shrubs advantageously placed, were all assets.

He said it was no use for the farmers to complain to one another about the poor deal they were getting. Organization and report of grievances to the proper authorities was the only solution, plus attendance at political rallies where a man would be nominated to represent the farmers, he said farmers too often avoid politics. People were also remiss in giving support to the school trustees. They should be present at meetings and voice objections before the moves were made—certainly not after.

It was a worth while talk. He was followed by his wife who gave an all too short talk on sewing and showed a doll's wardrobe made by girls of from 10-12 who had never sewed till they tackled these small garments. It was a very interesting exhibition. Mrs. Swindle concluded with the recipe "How to cook a husband."

Mrs. Starr had wanted some purely domestic scenes, men talking over a fence, women over their sewing, the teacher teaching—just a glimpse of the everyday life of a community, but people turned shy and she just had to describe her plan, which would have been excellent.

One noteworthy feature was the singing by some of the pupils, of the books of the Bible—well done.

At the conclusion a vote of thanks to the speakers was moved by Miss McQueen and seconded by Mrs. Earl Toole. A word of appreciation of Mrs. Starr's efforts was spoken by our scribe, and the meeting closed with "Come to the Church in the Wildwood," and "God Save the King."

An interesting feature was a few remarks from a pupil of forty years ago, Mrs. Janson, who by the way, taught Mr. Elmer Starr in Sunday school and who with her daughter and sister, Mrs. Brilling, of Newmarket, were present.

Simple refreshments were served and tongues had a chance for use.

Mrs. Starr and her committee deserve a great deal of credit for a meeting that was different, interesting and instructive.

May I add a word? The oldest member of the audience—and she is 90—was Mrs. McKechnie, who makes her home with her daughter, Mrs. Cole, thoroughly enjoyed the program and offered to knit or sew for the relief work, which was also a part of the program, as the record of work done was given by Mrs. McClure at Mrs. Starr's request.

FIFTY PEOPLE WANT TO BUY SAME MOTOR-CAR

A lady advertised a car for sale recently in the Era and Express. She estimates that she received 50 telephone calls from interested persons.

Needless to say, she sold the car, and says that she could have sold a lot more if she had had them.

An amazing number of sales are made through The Era and Express classified columns each week. A real estate agency recently advertised two properties for sale and sold both of them. Many small household articles and articles of clothing are sold.

It is patriotic to offer for sale things which you don't need. You will get better results if you give your name, your street address or your telephone number, or all of these particulars. Box numbers are available if you prefer to keep your name confidential.

SUTTON Renovated Church Will Be Re-Opened Sunday

The congregation of St. James' church and friends are looking forward to the re-opening of their church on Sunday evening, Oct. 31, at 7 o'clock. His Grace, Archbishop Derwyn T. Owen, D.D., primate of the Church of England in Canada, will officiate at this service, assisted by the rector, Rev. P. G. Powell, and will administer the rite of confirmation.

The renovating of the church has been made possible by the generous bequest of the late Frank Pearce. The work was done by J. O. Dougall Ltd. of Toronto and his artist from the college of art, University of Toronto. The murals on the walls of the chancel have been removed, cleaned and replaced in position with a two-inch moulding framing the twelve apostles.

The ceiling is a sky blue with a scroll over the chancel window in gold lettering of the text "Peace be within these walls."

The decoration of the body of the church is the ceiling of ivory paint, the window frames finished

in stone effect and the walls of two-tone cream coloring with a band of tone color at the top of the wall adjoining the ceiling, and a band of coloring in line with the break of the arch of the four murals.

The two vestries have been painted, also the floors, pews and kneelers and vestibule, the pews being finished with a coat of gloss enamel in mock-oak tone.

A special service will be used for this occasion with the assistance of a soloist.

Classifieds will turn into cash something which you no longer need.

Little Dorothy Ann was learning to dress herself. "Mother," she said one morning after a period of prolonged bewilderment, "I think you'll have to button this dress for me, because I can't. The buttons are behind and I'm in front."
